

NEED OF GREATER SCHOOL FACILITIES

Interviews With Public School Officials Relative to a Pressing Necessity.

The growth of Reno has recently been so rapid and the increase of children of school age so large that the school facilities are being seriously taxed. An article signed "pro bono publico" in The Journal of a few mornings ago called attention to the future needs of the town in school matters and attracted so much attention that The Journal as a matter of public interest had a representative interview with the members of the School Board and Prof. J. E. Bray upon school matters. The immediate needs, the possible future needs and future growth and the best methods by which to accommodate the increase. The article signed "pro bono publico" advocated the sale and purchase of the Westernfield lot in Powning's Addition and the members were interviewed as to their views upon the increased needs and the best manner in which to meet the needs.

The first member of the board interviewed was Wm. Webster, who said "As far as my views are concerned I favor the purchase of the property mentioned if it can be secured at a reasonable figure, but no purchase is possible now as we have no money to spare for this purpose or which could be utilized for the payment of purchase should be made. I further believe that it is a good location for a building and the best between the river and the railroad track. The truth of the matter is, we need about \$30,000 in the next two years, and the town should be bonded to provide it. The \$30,000 would not be needed to provide necessary school sites and for this purpose ten thousand dollars should be set aside and for the necessary buildings about \$20,000 is needed. We need several substantial structures. I am not in favor of raising this money by a direct tax, but we should simply bond the district. The town is growing and we must have increased school facilities. Our schools are our chief charm and attraction and the necessities for more rooms and more buildings should be promptly met."

The Journal man met Mr. Jameson, who said "We must have a new building or buildings within two years. As to buying the lot in Powning's Addition I think we would find it very expensive and until we bonded the district the interest would amount to a good deal. I am in favor of the Ward system. It is a cheaper system and brings the children nearer to the schools and near to the people. The school buildings should be well situated so as to accommodate smaller children. We now have one building on the south side, we have the Riverside school and another is needed toward the University in which direction the town seems to be growing. If we go ahead at the present time and buy, we have no available money for that purpose. Six years ago the people rejected a proposition to buy the same property for school purposes for \$5,000. We need more buildings and will probably need more room as the needs are growing rapidly. I favor the Ward system as the cheapest and best

AROUND THE CORRIDORS

Interviews With People Stopping at the Reno Hotels.

W. D. Morey, County Commissioner from Humboldt county, who recently returned from a northern trip with his associates, was seen at the Palace the other morning and told a representative of this paper who inquired as to Old Humboldt's prosperity that the county was in first-class condition. Mr. Morey resides in Paradise Valley, and is one of the well-to-do ranchers and cattlemen of the county. Mr. Morey said that they had been able to reduce the rate in Humboldt this year and that from year to year he thought the large increase in Humboldt's taxable property would still enable them to reduce the rate. "Our cattle business," said Mr. Morey, "is in excellent condition and the industry is one of Nevada's chief industries and Humboldt county excels in that line."

Mr. Ed. Lachman, who has recently returned from Sonora, City of Mexico, at which place he has charge of the Smith-Sampling Works, had some funny experiences to relate regarding life in the Mexican border land. He says it is not exactly a healthy country and that the great heat causes an immense amount of light drinks to be consumed and that twenty to thirty glasses of iced tea is nothing for a day's ordinary consumption. He says living is primitive, food poor and that the lack of food so essential to health, and which is found in abundance in the north is limited in the south and the system becomes so weakened that typhoid fever carries many foreigners from Guymas. He says that Mexico is a splendid mining country and much ahead of America in that respect and as the development goes will be a wonderful producer and that silver is not the only mineral found there. Mr. Lachman will return in about twenty days.

Our creamery is going to be a great success in Lovelock, said Mr. Ruddle, the resident Commissioner of Lovelock, when in Reno the other day, and we have engaged a skilled man to start us off. We have just had over a hundred thoroughbred Jersey cows shipped in, and we will be able to start off with 500 supplying the creamery. It will increase the price of hay and add to the wealth of the valley. When asked as to the outlook in the valley, Mr. Ruddle said it was excellent and that it was impossible to buy another ton of hay in the valley and that the crops had been large too. A large number of cattle and sheep are being fed. He says Lovelock is destined to be the great agricultural center of Nevada and that a town of considerable importance will spring into existence. The growth is steady and we expect that next year will witness quite a building boom. Mr. Ruddle has served a term in the State Legislature, is now Commissioner, a member of the Democratic party and a man of much influence in the county.

Mike G. Foster, the well-known printer of Nevada, whose home is on the Base range, came into town this morning from California, where he has been visiting. Mr. Foster is well-known

to the journalistic fraternity in Nevada and is highly popular among the boys. He says Eureka is taking on a new lease of life and that she is coming to the front and that as the natural gateway to the great country in White Pine is assuming an air of importance as a shipping point. He says a daily train service will soon be established and that with the mining development no going on in Eureka she is gaining some of her old time glory as a producer of mineral wealth. Mr. Foster will return to Eureka today to resume his position on the Sentinel. Hope Mr. Foster will come again and visit our city again.

Winnemucca is the second town of importance in Nevada today, and the growth she is now enjoying will not be diminished, said Mr. A. F. Trousdale, the well-known Commissioner, from Humboldt's capital. Winnemucca is the center of a vast agricultural and stock country to the north. She is a mining center and Kennedy and Jackson Creek and Willow Creek and Goldconda are all tributary to Winnemucca. I have lived thirty years in Humboldt county and regard the county as one of the best in the State today. Our taxes are low, our people well-to-do, our industries flourishing. Winnemucca this summer has enjoyed a great building spurt. Not a house can be rented and as fast as they are built they are engaged. The train dispatchers are soon to be moved to Winnemucca and a new depot will be built to accommodate them and this means an addition to our population. Addie Trousdale, as he is popularly known, is one of Humboldt county's respected citizens, and has made a faithful and painstaking Commissioner. He is a man of strong force and has had much to do in the building up of Humboldt county. He has been elected to a number of official positions in Humboldt and thoroughly deserves the confidence of the people for his conscientious work in their behalf.

A LETTER FROM VERDI

Interesting Communication from up the River.

Everybody is expectantly looking forward to the dance Friday evening, given by the Box Factory boys.

Mr. Hamp and three of his young gentlemen friends spent Monday here inspecting the factory and new mill, as well as the other improvements hereabouts.

Johnnie Mitchell, son of James Mitchell, is very sick with typhoid fever. Pat Mitchell is also reported as slightly under the weather.

Mrs. King will shortly depart for Sacramento, where her husband is temporarily located. We hope she returns soon, bringing back the recreant one, as we are all anxious for his return.

The railroad construction crew are busily filling in between the ties south of town about a mile with gravel. The company during the summer had new ties put in for considerable distance above Verdi, and they are now completing that work. They are putting in sixty cars of gravel per day, and expect soon to put in ninety.

A man was badly hurt on the new road last week by being hit with a tie, thrown from a car.

Elis Thompson, of the Meadows, spent Sunday here visiting his brother, George.

Oscar La Point left last week for California, where his wife will shortly follow him.

Mrs. Redman of Reno is a guest of Mrs. Brown of the Owl.

Grand Chancellor McPherson of the Knights of Pythias paid the lodge here a visit Monday night. After the lodge meeting, a banquet was held in Mr. Lonkey's Hall, where the members, wives and friends thoroughly enjoyed themselves. Mr. Spuchereau was toast-master and opened the ball by making a very pleasant introductory of Mr. McPherson, setting forth the purpose of his visit in a masterly manner. Mr. McPherson delivered a very instructive address on the aims of the order, giving much of its early history and foundation. He reported everything in a prosperous state, and was well pleased with the work in Nevada and specially congratulated the Verdi Order on their familiarity in the work. He was followed by Mrs. Moore, who favored the audience with a song. After which Mr. McGrew gave some pleasant little anecdotes of the Pythian Order. The assemblage then adjourned, voting the evening's entertainment the most pleasant they had attended for some time.

TO PARENTS AND STUDENTS.
Straining the eyes while studying means inflamed eyelids, headaches, nervousness, cross eyes, muscular weakness and thousand other defects. Parents should help to make studying a pleasure for children, instead of a task, by taking them to the Frank Golden Jewelry Company and having their eyes properly examined to see if there is any defect in the eyesight.

SOCIAL AND PERSONAL

Items About People Who Travel to and Fro.

W. R. Frost of Stockton is in town. Geo. H. Bayley of Modoc came in yesterday.

M. A. Crane has his name on the Arcade register.

Miss Mabel Gagan of Oakland is visiting Mrs. Wendt.

C. W. Aldrick of Salt Lake is registered at the Palace.

Mrs. Robert Moore was a departure for Lovelock yesterday.

J. A. Kirby of Salt Lake is registered at the Riverside Hotel.

Geo. Pratt and Chas. Pratt of Elko county are at the Palace.

J. L. Midge of Colorado Springs is registered at the Arcade.

The genial Robert Grimmon came down from Carson last evening.

A. E. Hutchins is at the Riverside registered from San Francisco.

W. E. Lawrence of the Union Pacific Railroad is in town today.

W. A. Jones of San Francisco is in town registered at the Riverside.

S. Plummer, the genial commercial man, is again with us for a day, or two.

Geo. Mills, the genial official of the V. & T., was an arrival from Willow Glen.

William E. Sharon came down from the upper levels on Mount Davidson yesterday.

W. D. McPherson of Steamboat Springs registered at the Riverside yesterday evening.

N. Soderberg, the well-known Carson attorney, has opened a law office in the Mills building, San Francisco.

David Evans of Salt Lake is among the strangers in town today adding to the army coming continually into our town.

Mrs. Robert Clark, and son, departed yesterday afternoon for Portland, Oregon, where they will reside in the future.

Simon Bamberger of Salt Lake City is in town today. He is registered at the Riverside and will remain with us day or two.

Hon. Francis G. Newlands arrived from the city yesterday, having been detained some hours by the burning of the snow sheds.

Jas. Russell of Elko is in town on cattle business. Mr. Russell is well-known in Eastern Nevada and is a prominent stock man.

William E. Sharon, who came down from Virginia yesterday, and who is feeling somewhat under the weather, departed for California last night.

T. K. Stewart, the Surveyor and Civil Engineer, left for Wadsworth on one of the delayed trains yesterday on business connected with his office.

Alex McConne of Virginia City accompanied by his wife arrived in Reno last evening. They will depart for Alameda, which they will make their future home.

De Forrest, the Bulletin boomer, blew into town today from the West and will interview the constituents in regard to the Bulletin. De Forrest is all smiles.

W. W. Hashell, general agent for the Travelers' Fire Insurance Company, arrived on the fliter from the West last evening and is a guest of C. M. Davenport.

The New Officers.
The Reno Wheelmen at their regular meeting, Wednesday evening, elected the following officers: President, W. L. Butler; Secretary, Roy Robison; Treasurer, Frank Stewart; Financial Secretary, Arthur Keddie.

THE MINING OUTLOOK OF WASHOE COUNTY

Olinghouse, Reno and Steamboat Districts Are Coming to the Front.

Olinghouse, the great gold producer, furnishes a new mining sensation every few days. The fact of the matter is, that there is no camp on the coast today, with so large an output which is attracting so little attention as Olinghouse District. The following from the Wadsworth Dispatch, will in a measure, give an idea of the latest in gold mining in that well-known camp:
"When gold glitters on the side of a hill so it is noticeable in the sunlight, the country is rich, and such is the case in Olinghouse canyon. On the Cabin claim of W. C. Williams, where ore was found on the surface in such quantity that the miners dubbed it 'gold quarry' and the owner milled \$40,000 out of it without getting out of daylight, it was deemed remarkable, but that pales into insignificance alongside the latest discovery made on the same claim. For an area of two acres and averaging two feet deep, he is panning decomposed quartz and shoveling it into sacks, and a most conservative estimate of its value by the miners is \$25 per ton average. These estimates are careful because the horn unfailingly shows up from 10 cents to \$2. This little old mining claim in Olinghouse hardly noticed by the outside world and worked by Chinese is making a record for surface production fast approaching the richest mines ever known on the Comstock or elsewhere. Comparatively no work has been done to develop it and the surface is only scratched, but the amount of gold produced ought to be an eye opener. The best mining talent we have measures the new find at \$80,000 on the surface and now in sight. In removing this gold bearing surface it is thought the source of the gold supply will be uncovered, in which case it is reasonable to suppose it will be of fabulous richness. The gold is coarse, mostly the size of a pin head and from that to a peg."
Washoe county is coming steadily to the front. Cripple Creek men, who have visited Olinghouse District pronounce it a marvel and point out many indications which bear a striking resemblance in formation to the Great Colorado Camp, while old and experienced miners in Nevada insist that it is a young Comstock. With the Reno Star and Olinghouse and Pyramid at least some substantial merit is being found in our mines and enough to justify the hope that capital will produce a great showing. There is something wonderful in the history of the Comstock and scientific men have claimed that there is a connection between these mines and Steamboat Springs. Mining men state that the same formation so characteristic of the Comstock runs far out into the valley of the Truckee Meadows and across into the Wedekind belt, and if this be true, there may yet be bonanzas at our very door. The Virginia Report has an article bearing on this subject, and explains at length the extent of the Comstock lode. It reads as follows:
Mr. Bell, owner of the mine adjoining the Reno Star in Wedekind District, who has had wide experience in prospecting in various mining districts, is credited with saying that if there was as promising a belt of mineralized ground in Colorado as there is between the Comstock and the Wedekind District, there would be 10,000 men prospecting within the radius mentioned. The porphyry dyke on which the Reno Star and other producing mines are located in Wedekind District can be traced from there to the Comstock lode and pushes out to a remarkable degree

TERSE AND TO THE POINT

Little Bits of Items, but Still Worthy of Mention.

A son was born to Mrs. G. W. Walts, October 5th.

A son was born to the wife of Lou Lemmon, nee Maggie Magill, Monday.

A jacket and cape clearance sale at Co-Op. store. Closing out new stock at cost. Call early.

A chicken dinner will be served in the Congregational Church Thursday, October 17th from 4 till 7 p. m. Twenty-five cents.

The Hoffman bar has been purchased by B. Levy. "Sig," the popular caterer, will remain at this establishment and serve the customers with the best that the market affords.

Judge Linn officiated at a marriage ceremony in the Riverside Hotel yesterday. The contracting parties were William R. Frost of Stockton and Mary P. Ducey of San Francisco.

THE PLACE TO GO.

Take your watch, clock and jewelry repairing, diamond setting and engraving where none but expert workmen are employed. All work guaranteed by the Frank Golden Jewelry Company, leading jewelers of Nevada.

Headquarters for Singer sewing machines, 17 O'Connor block. 5t

Stop It!

That Cough, with old-fashioned, reliable

Syrup of White Pine Compound

Gives relief, is safe and reliable. 25c and 50c per bottle

JOHN H. DENNIS, Editor
ITS INTENTION.

THE Elko Independent publishes the law passed in 1890, relative to placing the names of candidates for United States Senator on the election tickets, and says it practically intends to place the election in the hands of the people.

Such, unquestionably, was the intention of the legislators who voted for and enacted the law, and if it is carried out in accordance with the letter and spirit of the Act, such will be the result. The names of all candidates for Senator should be filed with the Secretary of State, and placed on the ticket to be voted for, the same as State officers. No candidate for the legislature should be elected, who does not stand pledged to vote for the candidate receiving the highest number of votes, whether of his own political party or not. If this is agreed to by the State conventions, the new law, although carrying with it no legal obligation, will place the members of the legislature in the same position as Presidential Electors who take a moral obligation, which in no case has been violated in the political history of the republic. There is probably no man in the State of any political party, who will declare himself in opposition to the proposed amendment of the Federal constitution, leaving the election of Senators to a direct vote of the people.

We are confident that nine-tenths of the voters of Nevada would prefer that the election next year should be left to the people rather than the legislature, and if the method urged by the Journal is not adopted, it will be because the politicians of the different parties will control the State conventions and run them in opposition to the popular will. But the people should take the matter in hand, and the political party, or the Senatorial candidate who refuses to accept the popular verdict, should be made to feel that it or he, cannot with impunity defy the will of the majority of the free and independent voters of this battle-born State.

LIGHTNING CHANGES.

ROOSEVELT and Hanna, are the two whose positions have been most changed by Mr. McKinley's death. From being a Republican antagonist, so far as the bosses were concerned, Colonel Roosevelt holds the whip hand over them all, and judging the future by the past he will not fail to use it for all it is worth. Up to the time the fatal shot was fired at Buffalo, he had to cultivate the bosses, but now they must come to him and make their peace with the new President, and upon his own terms.

Up to the time of Mr. McKinley's death, Senator Hanna lived and shone by a reflected light. That he is a man of ability, energy and organizing capacity, there can be no question, but the machine was built up largely on the popularity of his friend. Under the conditions in 1896 and 1900 it was easy to make winning campaigns for Mr. McKinley, because Mr. McKinley didn't need much campaigns made for him. So Hanna got a whole lot of praise and credit for what he didn't do. A good many people came to regard him as a sort of a Warwick, and began to believe that nobody could be nominated or elected without his consent. They naturally concluded that he would nominate himself in 1904. It will soon be patent to even the dullest comprehension that he borrowed strength from his chief, instead of giving it to him. His boom will collapse as suddenly as a toy balloon. If he is real good, President Roosevelt may still let him play at being boss; otherwise Mark will be deposed, practically, if not technically.

THE BOARD OF TRADE.

NEARLY every large city of importance has its Board of Trade. They are a sort of a business necessity. They give a business air to a town. They are a source of information and should be made a repository of information regarding the town and State. They accomplish much good in their way, serve to attract capital, serve to attract settlers, establish faith in a community and stimulate towns to rivalry.

The organization of a Board of Trade in Reno will establish a long felt want. It will serve to direct energy in a more direct way of building up and advertising the town. Many a town has been made by an energetic Board of Trade. Perhaps some silliness may say, what is the use of a Board of Trade. We will point out some of the work a Board of Trade can accomplish in Nevada and the work is forcibly illustrated by a remark made by Chas. M. Hays when the Legislative committee visited him last spring. One of the members called the attention of the President and Mr. Stubbs to the fact that we wanted colonists rates. Very well said Mr. Hays, we are willing to give the rates but what have you to show colonists who might come out? What have you to sell them? Have you Boards of Trade to take charge of strangers and show them around? Have you circulars or information to give them? Have your Boards of Trade exhibits of your mines and your agricultural products? Can you tell the colonists where they can find land, at how much per acre, and whether it is well watered? In other words, if we lay down at your doors 10,000 colonists

what have you ready to induce them to remain, to show them, to interest them? Gentlemen, said he, we would like to see 1,000,000 people in Nevada and will do everything to encourage increase in the State's population. It strikes us that Mr. Hays made some pertinent suggestions. A Board of Trade could erect at the depot a small exhibit of mines and agricultural products, of our gold, iron, copper and silver ores, of our apples, onions, potatoes, wheat, etc., and have little folders regarding land, cost of living, and such information as the public like.

A Board of Trade could appoint committees to look after colonization projects, it could present facts and figures, raise bonus, for the car shops, for a large smelter, for manufacturing establishments, and could appoint committees to present Mr. Prentice and the railroad with reasons for better rates and be met with a hearty response. A real live Board of Trade on to its job would double our population in five years.

POINTED POLITICAL PARAGRAPHS.

When potatoes are plentiful the tariff does not benefit the producer. When potatoes are scarce the tariff is a burden to the consumer.

The fact that Kitchener always dwells at length on the Boer casualties is no sign there are no British casualties.

In discussing ways and means for the eradication of anarchy due attention should be given the causes which tend to promote anarchy.

The Republican papers which were so quick to spread reports misrepresenting Chancellor Andrews' views on lying and anarchy are slow to publish his denials. Instead of excusing or defending either, he denounces both.

The men who advocated lynch law in the case of Czolgosz should ponder well on the outcome of the assassin's trial. The assassin was given a fair trial, and the spectacle is one calculated to increase respect for law and order. A lynching would have been an incentive to anarchy.

Mr. Hearst's papers—the New York Journal, the Chicago American and the San Francisco Examiner—have, since the assassination, been made objects of attack by all the Republican papers. From the manner in which Mr. Hearst is returning the fire it is evident that he intends to continue the crusade against monopolistic wealth and entrenched privilege.

There is much talk now about so amending the immigration laws as to exclude anarchists, and it is to be hoped that this will be done. The law should be strict on this point and the immigrant should be compelled to assert his belief, not only in some form of government but his belief in our form of government. And, while he is swearing, it would not hurt him to declare that he accepts the Declaration of Independence as his political creed.

PRESS COMMENT.

But there is one unvarying rule in all this riot of unreason. It is always the successful paper in each town that is denounced by its beaten rivals as a "yellow journal" and accused of fomenting the murder of Presidents.—Examiner.

The United Mine Workers of America have called a meeting of union and non-union men to devise means to bring the mine worker and operators closer together, and to devise means for the mutual benefit of both. This is commendable, and one of the first steps toward a successful adjustment of the difficulties between labor and capital.—Grass Valley Union.

LEGAL ADVERTISEMENTS
[Timber Land, Act June 8, 1878.]
NOTICE FOR PUBLICATION.
UNITED STATES LAND OFFICE,
Carson City, Nevada, August 31, 1901.
NOTICE IS HEREBY GIVEN THAT IN compliance with the provisions of the Act of Congress of June 8, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," Samuel Longbaugh of Elko, county of Ormsby, State of Nevada, has this day filed in this office his sworn statement No. 89, for the purchase of the S. 1/4 of sec. 34, and the S. 1/4 of sec. 4 of Section No. 36, in Township No. 17 S., Range No. 18 E., M. D. M., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at Carson City, Nevada, on the 11th day of November, 1901.
He names as witnesses:
John G. Ellis of Carson City, Nevada.
Wm. W. Coleman of Carson City, Nevada.
Andrew Gray of Carson City, Nevada.
Fred O. Johnson of Elko, Nevada.
Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 11th day of November, 1901.
G. H. GALLUP, Register.
Date of first publication: Sept. 4, 1901.

NOTICE OF FORFEITURE
To A. O'Brien, Co-Owner, you are hereby notified that we have expended the sum of \$685.32 for the year 1900 and \$617.75 for the year 1901 to date making a total of \$1253.07 for labor and improvements upon the Willow mine situated in Jumbo Mining District, County of Washoe, State of Nevada, and within the boundaries of the above-described lands are requested to file their claims in this office on or before said 11th day of November, 1901.
G. H. GALLUP, Register.
Date of first publication: August 27, 1901.
W. H. KENT,
GEORGE SCHISSLER.

NOTICE OF PUBLICATION.
Land office at Carson City, Nevada, September 28, 1901.
Notice is hereby given that the following-named settler has filed notice of his intention to make final proof in support of his claim and that said proof will be made before the Register and Receiver at Carson City, Nevada, on FRIDAY, NOVEMBER 15, 1901, viz: Wilbur F. Hubbard, administrator for the heirs of the estate of Byron Sperry, deceased, homestead application, No. 491, for the SW 1-4 of sec. 1-4, sec. 8, W 1-2 of ne 1-4 and se 1-4 of ne 1-4 sec. 17, tp. 24, nr 18 E., M. D. M. He names the following witnesses to prove his continuous residence upon, and cultivation of said land, viz: Willis B. Coleman of Long Valley, Lassen county, Cal.; John H. Merritt of Long Valley, Lassen county, Cal.; Alexander Gualdo of Long Valley, Lassen county, Cal.; Josiah Shearer of Long Valley, Lassen county, Cal.
O. H. GALLUP, Register.
Date of first publication, October 3, 1901.

NOTICE OF PUBLICATION.
Land office at Carson City, Nevada, September 28, 1901.
Notice is hereby given that the following-named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the Register and Receiver at Carson City, Nevada, on FRIDAY, NOVEMBER 15, 1901, viz: Willis B. Coleman, homestead application, No. 505, for the S 1-2 of ne 1-4 and S 1-2 of nw 1-4 sec. 18, tp. 24, nr 18 E., M. D. M. He names the following witnesses to prove his continuous residence upon, and cultivation of said land, viz: Wilbur F. Hubbard of Long Valley, Lassen county, Cal.; John H. MINING IN THIS STATE

Culled News of Nevada's Most Important Industry.

The last run made from Hutchinson ore gave mine returns of \$40 per ton. The new hoist is being put in place at the shaft. The pay streak is eight inches wide and improving. The mine promises to be a steady producer for some time to come.—Wadsworth Dispatch.

A sample of one ton of ledge matter from the Forlorn Hope, taken outside of the pay streak and reduced at the Wadsworth mill yielded forty-five pounds of concentrates, value not known yet. The pay streak in this mine runs from two to eight inches and assays from \$225 per ton up. The shaft is down 220 feet with values from top to bottom.—Wadsworth Dispatch.

Superintendent Peter Curtiz, of the Curtiz & Evans mining property in Alpine county, just over the Douglas county line, is in Carson where he came to have repairs made on an engine at work at the mine. He also is here with a team waiting the arrival of the Wilfley concentrator which he will take out with him and place below four Frue Vanner machines, in the ten stamp mill his company has running on ore.

The company is composed of Mr. Curtiz, Mr. Evans, the pottery manufacturer of Pittsburgh, and Attorney Tolerton of the Pennsylvania railroad, of Toledo, Ohio.

This mine is said to be one the greatest low grade gold bodies of the west. It is eighty feet wide and goes \$1 per ton. The gold is free and the parties are caught by the Wilfley plates.

L. H. Taylor, the civil engineer, arrived from Carson this morning with a crew of five men who will leave Monday morning for North Fork to begin the survey of reservoir sites. Mr. Taylor will start the work and then have the men in charge of J. Ahern, of Washington, D. C., while he examines the Owyhee and Salmon rivers for reservoir sites. When the work is finished on the North Forks, the men will move to the South Fork, and survey the reservoir sites on that stream. It is expected that the work on the North and South Forks will be finished before the heavy storms set in. A record of the annual flow of the South Fork has been kept for three years. These records show plenty of water in both streams, the average annual flow of the South Fork being 50 per cent greater than that of the North Fork.—Independent.

WOMEN AND JEWELS.

Jewels, candy, flowers, man—that is the order of a woman's preferences. Jewels form a magnet of mighty power to the average woman. Even that greatest of all jewels, health, is often ruined in the strenuous efforts to make or save the money to purchase them. If a woman will risk her health to get a coveted gem, then let her fortify herself against the insidious consequences of coughs, colds and bronchial affections by the regular use of Dr. Boschee's German Syrup. It will promptly arrest consumption in its early stages and heal the affected lungs and bronchial tubes and drive the dread disease from the system. It is not a cure-all, but it is certain cure for coughs, colds and all bronchial troubles. You can get Dr. G. G. Green's reliable remedies at Hodgkinson's drug store. Get Green's Special Almanac.

The Snug saloon is the coziest resort in Reno. The place is patronized by good, jolly people. The choicest brands of liquors and cigars. Pringle & Carroll, proprietors. tf

ALL AROUND THE STATE

A Few Gleaned Paragraphs of Nevada News.

On November 1st the Eureka & Palisade railroad will inaugurate a daily train service in and out of Eureka, Sundays excepted.

Arizona has just cut the greatest hay crop in its history. It is said \$10,000,000 is not too high an estimate of its market value.—Revelle.

Nevada can make as good a showing. One hundred and sixty head of Jersey cows and calves passed through this afternoon bound for Lovelock. The cows were shipped from Tennessee and were purchased by Lovelock ranchers who are going into the business of furnishing milk to the creamery which is to be started up there very soon.—Silver State.

Mrs. M. Winzell, of Pine Valley, has made a sale of a large number of her cattle to John Sibbald of the Goldconda Cattle Company, and over seven hundred head were delivered for shipment on Wednesday last at Carlin.—Sentinel.

Geo. W. Likes, J. B. Verplank, Thos. Toomey, Cranston Allen, Sam Turman, Guy Harmon, Bishop Ferguson and Will Williams, apiarists from Churchill county, came into town this morning bringing a wagon train loaded with as fine honey as is produced anywhere in the world. It was bought by E. Griswold at 19-1-2 cents per pound. There were 1300 odd cases, weighing twenty pounds to the case, and it went forward today for the good people of Churchill. In this western section the Churchill bees are the only ones to harvest a crop this season, and it would pay Truckee Meadows honey raisers to call a convention at Wadsworth and have our neighbors tell them how to get onto their jobs in handling bees.—Wadsworth Dispatch.

WHAT'S YOUR FACE WORTH?

Sometimes a fortune, but never, if you have a sallow complexion, a jaundiced look, moth patches and blotches on the skin—all signs of Liver Trouble. But Dr. King's New Life Pills give Clear Skin, Rosy Cheeks, Rich Complexion. Only 25 cents at S. J. Hodgkinson's drug store.

Beauty is Health.

Walnut Lake, Ark., June 8, 1900.

I thank you for the bottle of Wine of Cardui I took in your advice and the Wine of Cardui I took in your advice and the Wine of Cardui I took in your advice. My life was no pleasure to me at all and I was of no use to anybody. After receiving your advice and medicine I commenced taking it and began immediately to improve. The pains left me and the menses, which came at the correct time, continued three days. I have gained strength and my weight has increased. My husband says the medicine has made me better looking than ever before.

Mrs. LIZZIE MANNELL.

Womanly health means bright eyes, rosy cheeks, clear complexion and elasticity of form. This is the youth unmeasured by years—the beauty of perfect womanhood. Beautiful women are happier and get more out of life than their sisters whose faces indicate suffering. Wine of Cardui made Mrs. Mannell "better looking" and infinitely happier because it cured her of those terrible pains. But she is no exception.

WINE OF CARDUI

is giving thousands of women health, beauty and freedom from the dragging pains which made their lives so miserable. Worn faces, haggard eyes and emaciated forms are the results of suffering. What suffering can compare with the torture of irregular menstruation, leucorrhoea and falling of the womb! Beauty flees quickly before the ravages of such disease. The sharp pains of falling of the womb deepen the crow tracks in the face. Menstrual irregularities rob the eye of its fire and the complexion of its transparency. Leucorrhoea drains the body of its strength, but Wine of Cardui restores the natural beauty, brightens the eye, clears the complexion, rounds out the figure and brings back the vigor of health. Every druggist in this city handles \$1.00 bottles of Wine of Cardui.

For advice and literature, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Company, Chattanooga, Tenn.

NEED OF GREATER SCHOOL FACILITIES

(Continued from Page 1.)

ground. The objection to the Riverside School, is the lack of play ground, and the children have to go in the streets, which is frequently dangerous from runaway teams.

"I have talked the matter over for two years and I find the preponderance in favor of the Ward system, as it will accommodate the children nearer at home."

The Journal has presented the question to its readers as it is a matter of public importance. The Journal has given the views of the Board and the Principal of the Schools as they are most directly connected with success and destiny of our school system so essential to our growth and prosperity. The Journal will be glad to publish the views of any citizen upon the question.

The Next Attraction.

Old time Renolites should not miss the opportunity to again hear Doctor and Mrs. Jerome P. Porter, the sweet singers, who have delighted many a Reno audience in years past. The Doctor and his charming wife are with the Porter-Charles Concert Company that appear at the Opera House on the evening of Saturday, October 12th. A splendid musical program is promised consisting of quartettes, trios, duets and solos by the Sierra Quartette and other members of the company. The evening closes with new subjects in the motion pictures.

The Temple of Music at the Pan-American Exposition will be shown in the moving pictures at the close of the program of the Porter-Charles Concert Company at the Opera House on Saturday night, October 12th.

Some More New Advertisers.

W. L. Mitchell has opened Ware-rooms at 214 and 216 Lake street. He offers storage at reasonable rates. Best of facilities for storing merchandise, household goods and produce. There is a railroad landing leading from and into the cars. A specialty made of earload lots. Call him up at Main 16. See his ad in another column.

The Riverside Photographic Studio comes into The Journal advertising columns this morning. F. P. Dann is a skillful photographer and his rates for photos of all kinds are reasonable. His studio is located in the Smith building. A specialty is made of groups.

J. P. Lynd, the harnessmaker and dealer, has purchased advertising space in The Journal. Mr. Lynd carries a large line of light and heavy harness, robes, buggy whips and working gloves. His store is located opposite Hymers livery stable.

Were Delayed by Burning Sheds.

The delayed trains from the snow-shed fire came along about noon yesterday. Nearly a mile of snow sheds were burned in and near Emigrant Gap, causing No. 2, the eastbound fleet to be some fifteen hours late, and No. 4, about the same delay, while No. 6, due here at 8 o'clock yesterday morning, came steaming along into Reno in two sections about noon yesterday. The V. & T. regular passenger train remained for the delayed trains.

Century Club Program.

Bell-Wedekind Decision.

For the past several days a large array of attorneys have been listening to arguments in the Bell-Wedekind case. The motion heard, was on a new trial, and lasted several days. After hearing the arguments, Judge Talbot denied the motion, and it is said that the matter will now be carried to the Supreme Court.

Attractive Window.

The show window in the Porteous Decorative Company window contains a magnificent art collection. This company carries full lines of art materials. Their store contains everything that may be used to beautify the home.

Delicious Lunches and Liquid Refreshments at

THE J. J. BECKER SALOON
23 WEST COMMERCIAL ROW

HOT TAMALES EVENINGS H. C. HEIDTMANN, Manager

The Butter Industry.

Another large consignment of butter came through to Reno from the Carson Valley counties. There is a great demand for Nevada creamery butter in California, and the demand is much greater than the present supply. The California dealers send men into Nevada for the purpose of taking orders. The Lovelock creamery has an order standing for all it can produce.

An Insurance Man.

J. H. Richards, special agent and adjuster for the Leaders Fire Insurance Company, is visiting C. M. Davenport, who is the resident agent for the company here. Mr. Richards expressed himself more than satisfied with the good amount of business the company is doing in Reno.

Tom Will Be Missed.

Thos. F. Gormley, the genial night clerk at the Palace, has severed his connection with that hostelry. Mr. Gormley's health is poor and he may be compelled to seek a lower altitude for the winter.

MILLINERY.

Mrs. Morrison of San Francisco will be at the Riverside Hotel for one week, commencing tomorrow, Tuesday, with a roll line of millinery samples and will sell goods from samples. 011-W

Take Notice.

H. F. PAVOLA INFORMS THE PUBLIC THAT he is ready and able to make the finest pair of boots and shoes that have ever been made in the State of Nevada, for men or ladies. I have secured one of the finest workmen from San Francisco and I calculate always to do high grade work as long as I receive the patronage of the public. The work speaks for itself. Repairing neatly done. My place of business, No. 31 Commercial Row, Masonic Building. sept21-1m

NOW IN STOCK.

Pianos, the world renowned Steeg, known as the old reliable, also the celebrated Evert, which was played in New York City in Steinway Hall and won the favor of the audience. We also have cheaper pianos to suit all classes and terms the most reasonable.

Our motto is square dealing, looking for future patronage.

THE WILBY B. ALLEN CO.,
Singer Sewing Machine Office, O'Connor block.
T. S. McKinley, manager.

STEPPED INTO LIVE COALS.

"When a child I burned my foot frightfully," writes W. H. Eads, of Jonesville, Va., "which caused horrible leg sores for 30 years, but Bucklen's Arnica Salve wholly cured me after everyting else failed." Infalible for Burns, Scalds, Chills, Sores, Bruises and Cuts. Sent by S. J. Hodgkinson, 25 cents.

TOT CAUSES NIGHT ALARM.

"One night my brother's baby was taken with croup," writes Mrs. J. C. Snider, of Crittenden, Ky., "It seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from croup and Whooping Cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infalible for Coughs, Colds, Throat and Lung trouble. Fifty cents and \$1. Trial bottles free at S. J. Hodgkinson's drug store.

A FIENDISH ATTACK.

An attack was lately made on C. F. Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50 cents at S. J. Hodgkinson's drug store.
